1. Call to Order

The meeting was called to order at 7:05pm.

2. Agenda

No changes.

3. Workshop Updates

The Beginner and Artistry events were very well received. The Enthusiast event will be held Dec 6-8. Suggestion that the Artistry workshops be switched if combined again - this will be passed on to the presenter. Heinz Ter Voert has yet to distribute his notes to his attendees. Our Enthusiast presenter seems in great demand for presentations. Something the Club should keep in mind is the 2015 Annual CAP meeting will be held in Vancouver.

4. Web Page - Member Galleries

A reminder that Member Galleries are available only to members to display their work. All non-member galleries will be removed at the end of this month. Members are reminded that they may want to change/add their images - can do by submitting in approved format to our e-mail.

5. AGM - volunteers

The AGM will be held Nov 5 at the Library. President and Treasurer's reports will be submitted, and elections are also required. Noted that more volunteers are needed to fill Executive positions and to help maintain the services we have been able to provide in the recent past. The current core of excellent volunteers are getting a bit worn out and new blood and ideas are needed.

6. Competitions

We are continuing our participation in the Celebration of Nature and North Shore Challenge. The Celebration of Nature images (maximum of 10) require submission to the event organizers by mid-November; our Club process details will be provided shortly. The North Shore Challenge Club entries are limited to 6 this year however you may have a second opportunity as individual entries are being permitted. *It was noted that there are 60+ photo clubs in the Pacific Zone, but our Club is one of only 23 invited to participate in the NSC.*

7. Celebration of Nature 2012 slideshow

The entries from last year's competition were presented.

9. Guest - Brian Boyle

Brian is a local photographer who has had his images displayed at Arts Underground. His philosophy is to capture images straight out of the camera and to do as little post processing as possible. His captures include those with his point & shoot. His presentation included several images that show how important light is to the image.

10. Adjournment

Meeting adjourned at 8.55pm.

Respectfully Submitted

Walter Gutowski for Kirsten Scott, Secretary, Whitehorse Photography Club
