3. **Other Business.**
 - 3.1. Next Meeting – October 11. Will be a RAW edit session. WP will upload 2 or 3 images to Dropbox and the link will be sent to members. BF suggested that water be an element in at least one of the images. Due to time restraints, participants' submissions will be capped at two files (can be two on same image or one of any two of the uploaded images). Intent is to edit the image to be suitable presentation, or to even create another image using the uploaded file.
 - 3.2. Meeting October 25 – Gary Bremner will provide a post processing session to attendees – why/how/etc.
 - 3.3. Celebration of Nature – WPC will participate. Members can submit up to 2 images. Final submission to host club to be November 12 so our club selection (maximum of 8) will be held the prior weekend – watch for details but start thinking about your choices. Remember “no sign of man”. Competition details can be viewed at http://whitehorsephotoclub.ca/wp-content/uploads/2017/09/CNP2017_Flyer-Specs.pdf
