Executive Regrets:			

1. **Call to Order** at 7:05PM.
2. **Business.**
  - 2.1. ML chaired meeting.
  - 2.2. This is *Editing Light Painting session* followup to "Light Painting" practical and stacking lesson (from BP) of last meeting.
  - 2.3. ML asked that LM spread some of her technical knowledge (re: lap tops/projector/ ZOOM/etc) with a few others. GA, IM, JG, WG indicated an interest.
  - 2.4. Some members then had some of their light painting and/or stacking images showcased. These members included GA, IM, LM, SW, WG, ML, RM.
3. **Education – Steve Wilson “My Edit of ‘A Taste of Spring’”**  
 SW demonstrated how he edited his CAPA award medalling image. CF advised that SW had given a great presentation to the North Shore Photographic Society on his “favourite place to photograph” - Annie Lake area. It was very well received by those members.
  - tends to under expose to reduce ‘hot spots’
  - import into Adobe Camera Raw (ACR)
  - uses Tony Kuyper’s ‘Linear Profiles’ rather than PS/LR embedded profiles (free download)
  - toggles on ‘lens correction’ and ‘remove chromatic aberration’
  - adjusts highlights and shadows in tone curve
  - crop to suit
  - noise reduction in Topaz DeNoise AI
  - colour adjustments to taste - vibrance, clarity, shadows, maybe dehaze
  - then specific/isolated adjustments - especially eye in wildlife
  - removes objects as needed using ‘Content Aware Fill’ in PS (note use PS rather than ACR/LR for repetitive actions - uses less CPU)
  - final background noise reduction and very isolated cleanup as needed.
4. **Other Business.**
  - 4.1. Next Meeting December 7. Steve Wilson will distribute a RAW file to members via WeTransfer prior to meeting. At meeting, members will process this image - so bring laptops etc, or look over someone’s shoulder...
