1. **Call to Order** at 7:05PM.
2. **Business.**
 - 2.1. ML chaired meeting.
 - 2.2. This meeting is a followup to last meeting where SW guided participants through his editing process. Participants were given SW's RAW file and can process it themselves following SW's process or their own. It was not possible to distribute files beforehand due to WeTransfer limitations.
3. **Other Business.**
 - 3.1. Next Meeting - in January probably via ZOOM. ML suggested the theme to be - take a Christmas decoration and create several images with that as the focus, and then submit up to 6 for a photosphere (details will be provided prior to meeting).
