via ZOOM:

Executive Regrets:

1. Call to Order at 7:10PM.
2. Business
  1. Proposed birdwalk schedule: Consensus to have at Wildlife Preserve on Saturday May 25 2PM to 5PM. Sunday to be alternate in event of inclement weather. Attendees responsible for own entry fees.
  2. GA had sent an update e-mail to members. No response/concerns as of yet.
  3. Website: JR indicated sticking with WordPress platform may be preferable to creating a new website. He is exploring options to include a WordPress plugin to members' photo sites (e.g. on Flickr) to permit site visitors to view members' images.
  4. Still a concern on how to attract public to club website and club memberships; one option by Comox club is to display members' image prints at various venues.
  5. IM will pursue club participation at City sponsored Recreation Expo on April 21. TB and ML to assist.
3. Presentation
  1. ML and LM presented the first in a TRIAD on "low light" photography. When and how to use. Three YouTube videos (Simon d'Entremont and Chris Attrell) were presented to meeting attendees. Attendees then practised camera settings etc.
  2. Next meeting to be 2nd in this series - attendees will take low light images either in room or outside.

4. Other Business

1. Next Meeting - February 7, 2024.
